### ERRORS IN THE TENTH.

The Brewers Threw Away the Game With Philadelphia.

MILWAUKEE, Wis., Aug. 30.-After playing nine innings of errorless ball, the Milwaukee players went into the air in the tenth and lost the first of the home series with Philadeiphia by a score of 3 to 1. It was a pitchers hattle, in which Garvin had all the best of it, and should have won easily. The score:

### MANNING'S HOPES DASHED.

Rain Prevents Washington Meeting

the Crippled Spiders. CLEVELAND, Ohio, Aug. 30.-Rain revented the two games scheduled for this afternoon, and Jimmy Manning is weeping this evening for he was figuring on the Cleveland games to bolster up the Senators' standing in the race. The

morrow.

The games postponed this afternoon will be played when Cleveland goes East. A double header will be played tomorrow and Mercer and Patten will do the pitching for Washington, while Moore and Dowling will do the honors for Cleveland. Clingman, who was hit by a pitched ball, will be able to play tomorrow.

Milwaukee Releases Bawley. MILWAUKEE, Aug. 39.-The Milwaukee ball club tonight handed Pink Hawley his notice of release, taking effect September 10. Poor work is assigned as the cause. Hawle, left New York last spring to sign with the Brewers.

Baseball Gossip. There is no reason to doubt that Man-

ager Manning, during the present tour of the Washington club over the Western ........ 0 1 0 1 0 circuit, will make a strong effort to sign laading them by the time the local play-ers return home, September 11. Although Mr. Manning has been interviewed at various times regarding the story that he has signed a number of

the Philadelphia National League team for the coming season, he has never verifled or dealed the story; yet those who are In a position to know strongly assert that when the Washingtons get to work next spring the batting order will contain the names of Delehanty, outfielder; Jacklitsch, catcher; Wolverton, infielder, and Orth and Townsend, pitchers. This printette represent the backbone of the Philadelphia National League Club of this season and should add a tower of strength to the Senators. With the first strength to the Senators. With the first baseman Manning is after, Far-reil on second, Wolverton at short, and Coughlia at the third corner of the dia-mond. Washington will have an infield that will not only stand high up in the fleiding department, but will doubtless that will not only stand high up in the fielding department, but will doubtless cause namy pitchers to tremblokuchen they face them. Jacklitsch will help out wonderfully in the backstop department, het sides being a handy man so-have at the bat. With Townsend and Owth doing anything like their present excellent work, and Mercer, Patten, and Chrick, the Manningites will have one of the strongest pitching corps in the league, even if the club dispensed with the services of Gear and Lee. Gear has been a great disappointment to Manager Manning this season, as he was expected to loom up as one of the cleverest pitchers in the league. This estimate was made after reviewing his work in Kannas City hast season, when he was one of the most successful pitchers in the American organization. For some reason he has been doing anything but good work since he came to Washington, and has won but a small percentage of his games, although he has fielded cleverly when used in the cutfield, and has batted, as a rule, much better than the average.

By the time Manager Manning returns the local fams will doubtless be able to get a pretty good line on the personnel of the Sountors for next year. Even if the National League should decide to transfer the Brooklyns to the Capital City, the American League team would doubtless attract large andiences, as there would be little doubt as to the style of ball that will be put up by the Manningites.

Gene Demont continues leading the Boston National League club in sticking. His average for 104 games is .223. He is the only member of the tribe of Sele traveling in 300 company, so it is strange,

# THE COLUMBIA TROPHY WON

Fourth New Jersey Gets the District's Guardsmen's Gift.

Captain Stebbins, of New York, Takes Honors in the Inspectors' Rifle Match-Canadian Marksmen to Participate-Work at the Butts.

SEA GIRT, N. J., Aug. 30.-Capt. S. S. Stebbins, of Company C, Twelfth Regiment of New York, and a team of six men picked from the Fourth Regiment of New Jersey carried off the honors today in the opening match of the New Jersey and National Rifle Association. The day was perfect for shooting and excellent scores were made.

All the morning was occupied by the riflemen at practice shooting. Lieut. W. W. Cookson, of Washington, at 500 yards, made a possible fifty, but his performance was not the equal of Corporal Short, of the Seventh Regiment of New York, on the 500 and 600 yard ranges, who made 29 out of a possible 100,

The first match of the day was for the Columbia trophy, presented by the Na tional Guard of the District of Columbia to the New Jersey National Guard and open only to teams of six men each from New Jersey. Five teams entered. At the finish of the first stage of the match at 200 yards the First Regiment of Newark and the Fourth of Jersey City were tied with 117 each, but on the 500-yard range the First marksmen fell to pieces and

the First marksmen fell to pieces and finished in second place, 19 points behind. At the conclusion of this event the inspectors' match was begun. It was open to all inspectors of rifle practice in the United States and was won last year by Licut. W. Milton Farrow, of Washington, D. C. Twenty riflemen entered.

The first stage of the match found Captain Martin, of the Second New Jersey, in the lead with 49, and Captain Stebbins, of the Twelfth New York, second with 8. Many believed that Martin would win, inasmuch as Captain Stebbins had just arrived from New York an hour before the match was begun and consequently had not practiced on the ranges. With steady nerves Captain, Stebbins went to the 660-yard target, where he finished with 18, making his total on both ranges 96. This won him the match easily. The individual secree were-assfoliows:

Squadron A, of New York, in command of Lieutenant Reginald A, Sayre, arrived in camp early this afternoon. After being assigned to quarters they went to the pistol targets and began practice. The Boston cadets also got in today and tried their skill on the ranges. The work of the Irish riflemen still continues to be the talk of the meeting. This afternoon the all-American team and the foreign riflemen were lined up side by side on the 1,000-yard range and practiced for several flours. The Americans seemed to hold their own very well. The best work of the foreign riflemen was done by John Morgan, who made ten consecutive buil's-types at 500 yards.

Today Governor Voorhees received a telegram from Mr. Adee, Assistant Sceretary of State, at Washington, to the effect that permission had been granted to the Canadian riflemen to enter this country with arms and ammunition to take part in the international matches. On receipt of this telegram Adjutant General Oliphant, acting in the absence of the Governor, telegraphed to the British Charge d'Affaires at Newport, R. I., that New Jersey was glad to have the Canadians enter this State.

The shooting will not begin tomorrow until 1 o'clock. The first match will be for the Wimbledon Cap, now held by William Dove Foulke, of Philadeiphia, He has entered again this year.

## A WOMAN'S PRAYER.

It is notable that in the despondency caused by womanly diseases, there seems to many a suffering woman no way of escape from pain except at the price of life itself. It would be sad to record such a story of struggle and suffering ex-

that in such dire distress many a woman has found a way back to health and happiness by the use of Dr. Pierce's Favorite Prescription. This great remedy for womanly ills has well been called "A godsend to weak and sick women." It

establishes regularity, dries weakening drains, heals inflammation and ulceration and cures female weakness. It makes weak women strong and sick women well.

"Your medicine almost raised me from the dead," writes Mrs. Edwin H. Gardner, of Egypt, Plymouth Co., Mass., Box 14. "My urine was like brick dust, and I had pain all over me and such a dragging feeling it seemed I could not do my house work. I had to sit down to wash the dishes even. such a dragging feeling it seemed I could not do my house work. I had to sit down to wash the dishes, even. In the year 187 I was so sick I did not care to live and prayed many times that God would take me. One day I found a little book. I read it and wrote to Dr. Pierce, and in a few days received an answer. I decided to try his medicine, and to day I am a well woman. I have no backache, no headache, no pain at all. I used always to have headaches previously to the monthly period and such pain that I would roll on the floor in agony. I took three bottles of Dr. Pierce's Playorite Prescription and three of 'Golden Medical Discovery' and three vials of Dr. Pierce's Pleasant Pelletis, and was completely cured."

Accept no substitute for "Favorite Prescription." There is nothing just as good. Dr. Pierce's Common Sense Medical Adviser-sent free on receipt of stamps to cover expense of mailing only.
